Tropical Islands - Europe's largest tropical holiday world

A ride to remember with the African Jungle Lift

The African Jungle Lift is the perfect attraction for everyone who loves adventure, jangled nerves and plenty of butterflies in the stomach! The Lift can hold up to 16 people at a time. It slowly lifts up to 20 metres in the air and then drops down at least twice as quickly...

Before taking the ride of their life, our guests first have to navigate an exciting adventure path through the jungle. And that's not all – there are a few obstacles to be circumnavigated on the way. Visitors young and old first have to cross a wobble board, crawl through a tunnel and span a rope bridge.

When they finally reach the African Jungle Lift, all that is left to do is take a seat on the lift bench, which looks like it was carved out of a giant tree trunk. It then jerks and jolts upwards – this is not the smooth ride you expect from a modern lift! Guests might suddenly be lifted up on one side, or the other side of the lift might fall rapidly downwards; this all happens in a seemingly unpredictable rhythm.

When the guests finally reach the top, they can enjoy a fantastic view from 20 metres up. But only for a moment. The lift then drops back down at incredible speed. A spine-tingling experience for all the family!

Opening hours: 11:00 am – 9:00 pm daily
Price: EUR 3.50 per day for unlimited rides

Please note:

Children must be over 1 metre tall if accompanied by an adult and 1.20 metres if unaccompanied on the African Jungle Lift.
