

PRESS RELEASE

Tropical Islands - Europe's largest tropical holiday world

Island Ballooning - Get a bird's eye view of Tropical Islands

Floating in the air is a truly fascinating sensation. Island Ballooning at Tropical Islands allows guests to experience this in not just one but two different ways.

The free-floating balloon

This is an experience best described by the term "once in a lifetime": a balloon ride over the tropics. The 20-minute airborne adventure starts in the Tropical Village. From here, the balloon takes you up to a height of 22 metres, giving you spectacular views over the tropics. You can choose from two different routes over the leisure world. It takes this bird's eye perspective to really appreciate the incredible biodiversity of Tropical Islands.

The tour guide on the ground is connected to the balloon and steers your course through the leisure world. The balloon has a total passenger capacity of up to 260 kg, so it's ideal for a family treat.

The tethered balloon

The tethered balloon lifts two passengers up into the air from a platform in the rainforest. Passengers can choose whether to sit or lie down while rising 55 metres. The 10-15 minute ride provides breathtaking views over the tropical leisure world - with the Tropical Sea, Lagoon, Tropical Village and Tropical Spa all in clear sight. The balloon is tethered to the ground via a fixed rope.

Opening hours:	11:00 am – 8:00 pm daily
Free-floating balloon:	EUR 25, standard price for one ride + passenger price of EUR 5 for adults or EUR 2.50 for children (aged 4-14) Passengers celebrating their birthday ride for free!
Tethered balloon:	EUR 12 for adults EUR 7 for children (aged 4-14)

The balloon trips are operated by the aviation company 2high ballooning GmbH from Hamburg.
